RAWWTalks – Revolutionary Women-Centric Speaker Series Breaking Down Cultural Barriers and Taboos to Women’s Health and Wellness

Fresno, Calif- **Real Authentic Women Wellness (RAWW)** is proud to announce the debut of RAWWTalks on 7.7.17 from 6:00pm to 9:00pm, at ‘Workspace’ in downtown Fresno (1060 Fulton Mall Suite 301). All proceeds generated through the event will be utilized to fund efforts in their mission to enhance women’s mental, physical, sexual and spiritual health, and connect women to their life’s purpose.

The concept is simple yet powerful: to create a welcoming space for women to talk about important health and wellness issues that are not typically discussed openly. RAWW convenes social, educational events known as RAWWTalks with the best, most dynamic experts on the topics— a way for women to become aware and gain knowledge while being in a more social and, therefore, less intimidating environment.

“Change begins with confronting the uncomfortable” said Diana Diaz, Founder and Executive Director of RAWW. “Having overcome severe anxiety myself, I wanted to be part of a bigger effort to empower women and encourage them to seek the help that they need to achieve satisfaction in all aspects of their lives— whether it is overcoming postpartum depression, ensuring a healthier lifestyle by making changes in food choices, or becoming sexually empowered and learning to respect their own needs and desires as women.”

The ticket price is \$45, which covers impactful presentations, appetizers, wine, refreshments, and massage and spa activities. Tickets can be purchased online at: <http://rawwnetwork.com/rawwtalksfresno/>

###

RAWW is a California educational and social non-profit that promotes the comprehensive wellbeing of women. Our mission is to enhance a woman’s mental, physical, sexual and spiritual health as well as encourage self-fulfillment.
